Who We Are

Amrita Devi Foundation is a trust registered under the Indian Trust Act 1882 founded in 2019 with an objective to support skill development and bring employment for the Girls and Women in Uttarakhand, India.

With many people moving out of the hills of Uttarakhand and going towards cities to find a better quality of life, hills are deserted. One of the ways to deal with the situation is to provide better skill development to the women in the Hills so that they can find and build opportunities in Uttarakhand as opposed to moving out and moving towards cities.

We are working extensively for the employment and livelihood of the people of Uttarakhand. We have been focusing on the women of remote areas of Uttarakhand. We are working for women's empowerment by providing them skill development training and making them independent so that they are able to not just help their own self but also the other members of their family too.

From The Founder's Desk

Amrita Devi Foundation was started by some Vigilant, educated youth of Uttarakhand, who took a pledge to do something for the society. During their childhood, they have seen the difficult life of remote rural families of Uttarakhand. Even today there is a lack of basic necessities like education, health etc. No one could have known the plight of these poor families better than these young men.

In such a situation, these youth decided to do something for the economic upliftment of the poor and deprived families living in rural areas. It started with limited resources and some generous donations from big hearted people. The initiative was supported by many selfless activists and volunteers and the Amrita Devi Foundation's family began to grow.

Now Amrita Devi Women Skill Development Institutes which is a branch of Amrita Devi Foundation

has started spreading very fast in rural areas of Uttarakhand.
